

“

In order to truly serve our students, we have to first meet the needs of our educators. The NCTWC survey gives you an opportunity to tell education leaders and policy makers what you need. I encourage every educator to let their voice be heard so that we can better provide you with the tools, resources, and support you need.

SUPERINTENDENT OF PUBLIC INSTRUCTION
CATHERINE TRUITT

”

Be Heard. *Your Voice Matters.*

The **North Carolina Teacher Working Conditions Survey** collects the **anonymous** voices of educators across North Carolina to determine strengths and improvement opportunities in schools and districts.
